

Temple Emmanuel Renovation, 2400 Curtis Street Denver, Colorado

Use: RFP
 Area: 20,600 sf
 Services Provided: Renovation Project, Interior Design
 Completion Date: Not realized

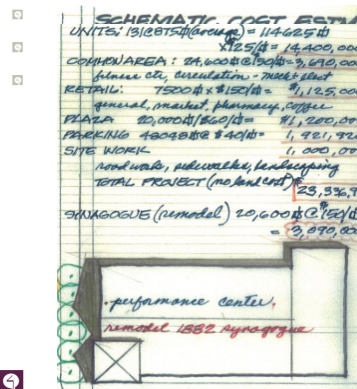

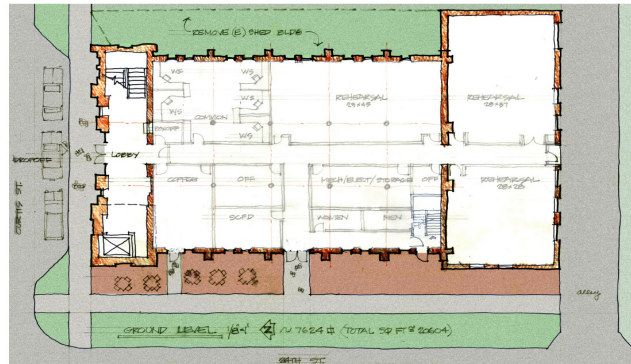

Obermeier Sheykhet's project experience aligns to the goals of Urban Land Conservancy. We have over the years addressed needs for restoration, renovation, public spaces, experiences, handicap accessibility, restrooms, and state-of-the-art audio/ visual and fiber optic equipment.

The firm also has experience in phasing, parking and the mitigation of impacts on adjacent properties associated with public use. Public presentation is one component of our approach to our projects.

Our architects have Presented to boards, committees, commissions, end-users and the public.
